

Jesse Bockelman

Curriculum Vitae

Personal Details	<p>Address: 47A Alpine Grove, Pascoe Vale 3044 Mobile: 0450126462 Email: jesse.bockelman@gmail.com</p>
Personal Statement	<p>I bring to any team my 7 years' experience as an IT analyst. I like to always see the bigger picture to help understand complex tech stacks and the underlying business logic. This helps me to become a skilled problem solver - whenever opportunities present themselves, I feel empowered to improve on systems, rather than accepting the way it's always been.</p> <p>I'm a people-person who enjoys interacting with others in authentic ways which has helped cultivate strong communication skills. I thrive in a team-based culture where we all succeed in delivering great outcomes as a collective no matter how challenging or dynamic the problem ahead is.</p> <p>Colleagues has described me as: Helpful, hard-working, bit of a chatterbox, considerate, cheerful with an infectious laughter, nurturing.</p> <p>Employers has described me as: Flexible, conscientious, punctual, reliable, willing to help, considerate.</p> <p>Customers have described me as: easy to relate, respectful, conscientious, wealth of knowledge, empowering.</p>
Programming Languages and Other Skills	<p>Hosting my own portfolio website, jessebockelman.me my 3 years developer experience is:</p> <ul style="list-style-type: none">• Burger Builder Project with React+React Redux Front end, with a noSQL + Java Backend + OAUTH2.0 Services for spoof payment processing• Full-stack E-Commerce App Project Angular Front End, mySQL and Java Spring Boot application backend + OAUTH2.0 services + REST API's• Thrillio multimedia review platform with Java servlets and containers in an MVC design pattern for Front end + mySQL backend• DevOps exposure by building up my own LEMP stack (Linux, Nginx, MySQL, PHP)• HTML 5 / CSS / general JavaScript via general CSS tricks page <p>In my experiences before hosting portfolio website (including back-end development):</p> <ul style="list-style-type: none">• Proficient with C/Java (standard + EE) /HTML 5 (preference in that order)• Good exposure to F#, Python, XML, CSS, MySQL• Quick and pro-active learner with new languages• ITIL 4 Foundation Certification<ul style="list-style-type: none">◦ Certificate Number: GR671008417JB◦ Candidate Number: 9980009553469186◦ On Successful Candidate Register List for verification• Demonstrated Strong Interpersonal skills:<ul style="list-style-type: none">◦ Stakeholder engagement and communication◦ Vendor engagement and assessment; technical detail specification◦ Supporting a nurturing culture within team and colleagues• Customer focus thinking<ul style="list-style-type: none">◦ Discovering opportunities to improve tech stacks for better experience and support◦ Problem solving and experience with triaging of customer issues
